CORDOBA 1858.

I året 1853 grundlagdes et provinspostkontor med det formål at skabe forbindelse mellem Cordoba byer, hvor det nationale postvæsen ikke fungerede. På grund af den vanskelige økonomiske situation i provinsen afskaffedes denne service dog igen i året 1855. Efter Confederacion Argentinas indførelse af frimærker i foråret 1858 til national brug, indførte Cordoba i efteråret 1858 frimærker til intern brug i provinsen.
