A collection of Spanish postage stamps from 1972, arranged in a grid-like fashion. The stamps feature various themes, including the 10th anniversary of the postal service (10 ANIVERSARIO DEL CORREO), the XI Olympic Games (XI JUEGOS OLIMPICOS), the 1972 International Book Fair (FERIA INTERNACIONAL DEL LIBRO Y LA LECTURA 1972), and various historical figures and landscapes. The stamps are issued by Correos de España and have denominations ranging from 1 PTAS to 50 PTAS. The collection includes several sets of identical stamps, such as the 25 PTAS stamps featuring a portrait of a man, and the 2 PTAS stamps featuring a portrait of a man. The stamps are arranged in a way that shows the variety of designs and denominations available in the 1972 collection.
