The image shows a philatelic album page with two main sections. The upper section displays two rows of Liechtenstein postage stamps from 1921. The first row consists of four stamps with denominations of 20 Rp., 25 Rp., 35 Rp., and 80 Rp., each featuring a different subject. The second row consists of three stamps with denominations of 30 Rp., 40 Rp., and 50 Rp., also featuring different subjects. The lower section is a certificate of authenticity for four stamps from the same series. It features a green border and contains handwritten text in Italian. The text describes the examination of four stamps, their values, and the state of preservation. The certificate is signed by S. Bolaffi and dated Torino, 18 febbraio 1983. To the right of the text, there are four black and white photographs of the stamps being authenticated, arranged vertically. A large handwritten number '80' is visible at the bottom right of the page.
