Dear Sir,

When we were talking some months since about Mr. McDonough's affairs, I thought it was settled that one had of you receiving the rent of Mr. McDonough's estate in satisfaction of the interest on the \$3000 which formerly belonged to Mr. McDonough, but now is the property of Mr. McDonough, you do? take his rent with the others, & pay us our interest, according to the terms of the deed of composition - I wish to know how this has been done, as this is now as your interest does Mr. McDonough, & he is paying me to get him the bearing - you should also bear in mind that about this time of the year, the premium on the policy for the insurance of Mr. McDonough's life is payable -

Yours very truly

John Carow

My dear Sir.

Baker. v. Gale.

I have given this case every con-
-sideration in my power since I received it
from your clerk this morning, and, under all
the circumstances of it, I cannot recommend
you serving a declaration in Ejectment to-
morrow - I fear it would be a hazardous
experiment - I will give the case what
further consideration I can and let you
have it by Wednesday morning's mail at the
latest, and accompany it by a election in
Ejectment should I be of opinion that such
will be the best course to pursue.

I am my dear Sir

yours very faithfully

John Tyrrell

Dear Robert

The object of Mr. Frost in disposing of all his property by a deed of gift in his lifetime can be effected, and I should recommend a Trustee being appointed (one of the family will do) though that is not essential. The whole expense will not exceed six Guineas duty included. I cannot answer the other part of the question as to debts, mortgages, &c. without making some inquiry of Mr. Frost as to the business. I shall be over to Colchester in a few days & shall have an opportunity of seeing him.

See aty Treve
It has declared and laid the damages
at £200.

Yours truly
W. D. Robert
